- Gears in gear box are cooled by oil cycled by an oil pump to minimize gear wear
- Friction type disc clutch absorbs impact force caused by vertical movement of spindle, and protects all transmission units inside gear box. With quick spindle return, the clutch will help speed-up the tapping operation
- Special automatic tool eject device is supplied to allow you to change tools quickly. (No drifter is required) Special arm elevating device is provided to prevent arm from falling down abruptly after years of usage
- CSA Electrics Standard

### Free Shipping

Free shipping on ALL machines throughout the contiguous United States to all commercial locations.

### Product Selection

A wide selection of machinery for you to compare brands and features. Find the right machine for your job.

### Knowledgeable Staff

When you have questions, we have the staff that will help you find the answer and equipment that best fits your needs.

### Customer Service

Fast and friendly service centered around creating a positive experience.

### Price Matching

Our prices are highly competitive. However, if you find an item cheaper somewhere else, we will match that price. Contact us for details.
