- **Easy handling:** The machine is sent completely assembled, it is only necessary to connect it to the required power supply and start performing.
- **Versatility:** Nargesa PP200 has a catalog with a great deal of optional tooling. (See optional tooling and sample video below)
- **Easy fabrication of tooling:** The customer himself or any toolmaker can manufacture dies and punches.
- **Folding operation with no risk of damaging the punches and dies with thick materials** unlike conventional press brakes.
