- Constructed of metal for years of use
- Helps to extended the service life of the air conditioning equipment in the shop
- Filters dust, smoke and oil mist in a closed or air conditioned workshop
- Fully enclosed ball bearing motor with overload protection for long, dependable service
- Metalworking-specific outer filter that attracts more oil mist, smoke and dust generated during the metal processing, which could effect the health of the machinist, especially in closed areas of the workshop

Free Shipping

Free shipping on ALL machines throughout the contiguous United States to all commercial locations.

Product Selection

A wide selection of machinery for you to compare brands and features. Find the right machine for your job.

Knowledgeable Staff

When you have questions, we have the staff that will help you find the answer and equipment that best fits your needs.
