Use your phone to take a picture of this QR Code to learn more!

- Black oxide coated spindle resists corrosion
- Clamping force ranging up to 40,000 lbs.
- Hot upset square head on spindle withstands higher torque
- Square-head spindle has large diameter rolled thread and hardened point which provides smoother operation and added strength
- The full closing, extra heavy duty models are designed to stand up to the demands of heavy industrial applications like those encountered in ship building

### Free Shipping

Free shipping on ALL machines throughout the contiguous United States to all commercial locations.

### Product Selection

A wide selection of machinery for you to compare brands and features. Find the right machine for your job.
